St Anthony's Catholic Primary School

Dear Parents and Carers,

As we enter the final week of Spring 1, it is incredible to see how quickly the time has flown. Our children continue to amaze us every day; their engagement in learning, deep thinking, and collaboration with peers are a testament to their hard work. They are truly stretching themselves!

We are starting this week with a special Celebration of the Word assembly. To celebrate the "Body of Christ" and broaden our children's understanding of the wider faith community, we will be inviting local leaders from various Christian denominations to share the Gospel with us. It promises to be a wonderful, unifying experience for the school.

This week marks Children's Mental Health Week. We have planned a variety of activities to help our pupils understand the importance of looking after their minds to help them thrive. This coincides perfectly with our recent school-wide launch of the Zones of Regulation. These tools help pupils recognise and manage their emotions so they are "work ready" and emotionally resilient. If you are looking for a way to support these conversations at home, we highly recommend the book *The Colour Monster* by Anna Lenas. It is a fun, powerful story that helps children understand and express their feelings appropriately.

Last Day of Term: School breaks up this **Friday, 13th February, at 3:15 pm.**

Thank you once again for your continued support and partnership in your child's educational journey. Five days left of school until we break up- let's achieve 100% attendance!

Warm regards,

Ms Gayle

NSPCC Number Day

Thank you for helping us raise just over £65 for the NSPCC. Pupils had a great time investigating numbers.

Year 3 Science Experiment

Year 3 have been learning about light and reflection in their science lessons. It has been good to see the children developing their curiosity.

PTA Coffee Morning

The PTA put on an absolutely fantastic Coffee Morning last week. Thank you for your continued hard work and dedication to our families at St Anthony's. It was a privilege to host our local MP, Liam Conlon and some of our Councillors for their first school-based surgeries.
