St Anthony's Catholic Primary School

Headteacher's Message

Dear Parents and Carers,

What an out-of-this-world week we have had! Our school was transformed into a hub of discovery as we celebrated a truly spectacular Science Week. Our space-themed adventure took the children on a journey through the stars, and the sense of awe and wonder was palpable as they entered the Space Dome. It was as though we had all been transported directly into outer space! From captivating experiments to celestial discoveries, our pupils were fully engaged in the thrills of scientific inquiry. A massive thank you to Ms. Scott, our Science Lead, for her incredible hard work in organising such a brilliant and inspiring week for the children.

The excitement continued today with our Rocksteady Band performance. Pupils from Reception all the way through to Year 6 took to the stage, showcasing their incredible musical talents. Whether they were beating the drums, strumming electric guitars, playing the keyboard, or singing their hearts out, the energy was electric. We all bopped and sang along to classics like "Happy" and "We Will Rock You." It was a truly magnificent experience to see our budding artists growing in confidence and performing with such joy.

Looking ahead, please take note of a very special date on **Friday 27th March**, where we invite you to celebrate Mass with us. We are privileged to have Canon Victor Darlington saying the Mass- a time of reflection and prayer as we prepare our hearts for Holy Week.

Additionally, I look forward to seeing you all at Parents' Evening on either **Monday 16th March** or **Tuesday 17th March**. If you have not already done so, please ensure you have booked a space to discuss your child's progress.

Thank you, as always, for being such a supportive and caring community. I wish you all a wonderful, restful weekend.

Kind Regards,
Ms Gayle

Rocksteady Band

Rockstars in the making! A fantastic performance from our Rocksteady Band today- giving our pupils the perfect stage to nurture their talents and shine.

Safeguarding Reminder

Safeguarding is everyone's responsibility, so we respectfully ask that children do not bring in party bags or food items to distribute. As a smart-phone free school, please also ensure that phones are kept out of sight in pockets while on the school premises.

Space Projects

A huge thank you to all the families who collaborated and supported their children to create such marvellous space project creations. I was truly blown away by the level of creativity displayed across the school. Well done to every single pupil who took part!
